# About Esevel

For small and medium size businesses, fast growth might be a trade off with security control - which is essential to comply with ISO 27001.

Esevel offers a compacted all-in-1 IT hardware & software solution with the aim to relieve you of heavy, technical, and manual IT processes with automation. From centralized IT management, device security, access management, data encryption, remote monitoring, and more, we help you pave the way toward ISO 27001 compliance.

The image shows a woman in a white striped shirt working on a laptop. Overlaid on the image are several screenshots of the Esevel software interface:

- Top Left:** Two device cards, each with an "Add to Catalogue" button.
- Top Center:** A table with columns: Serial Number, Name, Type, Model, Current Holder, Status. Two rows are shown, both with "Inactive" status and "Actions" buttons.
- Top Right:** A dashboard with four summary cards:
  - TOTAL EMPLOYEES: 20 (New employees this month: 4) - Button: + New Employees
  - MARKETPLACE SELECTIONS: 5 (New added products) - Button: View All Products
  - TOTAL ASSETS: 23 - Button: View all assets
  - ACTIVE ASSETS: 20 - Button: View active assets
- Bottom Left:** A "CREATE TICKET" form with fields for Category (Device support), Select Device, Subject (Battery), Details (The battery doesn't charge), Attachment (optional), and a "Submit a ticket" button.
- Bottom Center:** A "+ New Request" button with a mouse cursor pointing to it.
- Bottom Right:** A "Team" dashboard with tabs for EMPLOYEES, ONBOARDING, OFFBOARDING, and LEARN MORE. It features a search bar and a table of assets:
 

ID	Name / Position	Department	Date of Retrieval	No of Assets	Status
102	[Progress Bar]	HR	Dec 30, 2023	2	Pending
1001	[Progress Bar]	Marketing	Dec 30, 2023	3	Pending
133	[Progress Bar]	Marketing	Dec 27, 2023	4	Pending
147	[Progress Bar]	Finance	Jan 6, 2024	1	Pending
140	[Progress Bar]	Finance	Dec 29, 2023	1	Pending
145	[Progress Bar]	IT	Dec 21, 2023	1	Pending
1001	[Progress Bar]	Revenue1	Dec 15, 2023	3	Pending

# How Esevel can help businesses get ISO 27001 certified in 2 weeks

With our comprehensive 5+1 IT essentials, **we ensure that your business is prepared for certification within just 2 weeks.**

- ✓ Centralized IT assets management
- ✓ Hardware and software inventories
- ✓ Secure configurations across devices fleet
- ✓ System and patch management (Company and BYOD devices)
- ✓ Multi-factor authentication
- ✓ And endpoint protection

Additionally, our solution ensures proper access management by logging, reviewing, and controlling user access, critical for ISO 27001 compliance.
